

Workshop on Cryptography and Security Systems (CSS'11)
www.css.umcs.lublin.pl

1st CALL FOR PAPERS
September 26-28, 2011 Nałęczów, Poland

SCOPE AND OBJECTIVES

In recent years, computer applications and Internet services have been contributing extensively to our life experience and, simultaneously, they are vulnerable and undergo permanent attacks. The objective of the Cryptography and System Security (CSS'11) Workshop is to present research and developing activities original unpublished results related to all aspects of cryptography and network security. We invite theoretical and applied research papers, case studies, implementation experiences as well as work-in-progress presentations. We specially invite young researchers and PhD students to submit their results for presentation in CSS'11.

The conference papers accepted after peer review will be published in a Special Issue of the Journal Annales UMCS ser. Informatica:
<http://www.versitaopen.com/au>

The main topics of interest include, but are not limited to:

- network security
- cryptography and data protection
- peer-to-peer security
- wireless networks security
- security of sensor networks
- heterogeneous networks security
- privacy-enhancing methods
- covert channels
- steganography and watermarking for security applications
- security of webservice
- cryptographic protocols
- security as quality of service, quality of protection
- data and application security, software security
- security models, evaluation, and verification
- formal methods in security
- trust and reputation models
- reputation systems for security applications
- intrusion tolerance
- system surveillance and enhanced security
- cybercrime: threats and countermeasures

Important dates :

- March 7, 2011 - 1st Call for Papers
- May 15, 2011** - **Submission deadline**
- June 15, 2011 - Acceptance notification
- June 25, 2011 - Final camera-ready
- September 26-28, 2011 - Workshop

Submission :

The articles should be submitted by the EasyChair system: www.easychair.org/conferences/?conf=css20110

Program Committee :

- | | | | |
|----------------------------|--|------------------------------|--|
| Nicolas T. Courtois | (University College London) | Miroslaw Kutylowski | (Wrocław University of Technology) |
| Stefan Dziembowski | (University of Warsaw, Univ. of Rome) | Marek Ogiela | (AGH University of Science and Technology) |
| Krzysztof Gaj | (George Mason University) | Josef Pieprzyk | (Macquarie University) |
| Piotr Gajewski | (Military University of Technology) | Jacek Pomykała | (University of Warsaw) |
| Janusz Górski | (Gdańsk University of Technology) | Franciszek Seredyński | (Institute of Computer Science PAS) |
| Marek Klonowski | (Wrocław University of Technology) | Janusz Stokłosa | (Poznań University of Technology) |
| Mieczysław Kula | (University of Silesia) | Vasyl Ustimenko | (Maria Curie-Skłodowska University) |
| Zbigniew Kotulski | (Warsaw University of Technology, IPPT PAN) - Chair | | |

Organizers :

Faculty of Mathematics, Physics and Computer Science Maria Curie-Skłodowska University in Lublin and Faculty of Electronics and Information Technology Warsaw University of Technology

Organizing Committee :

- | | | | |
|---|---|---------------------------|-------------------------------------|
| Bogdan Księżopolski – Chair | (Maria Curie-Skłodowska University) | Damian Rusinek | (Maria Curie-Skłodowska University) |
| Zbigniew Kotulski | (Warsaw University of Technology, IPPT PAN) | Paweł Szalachowski | (Warsaw University of Technology) |
